

HM 16-80 Rotary Ironer with Steam

The perfect linen processing tool for homes and small businesses

The Miele Professional HM 16-80 rotary ironer combines high throughput and ease of use for a crisp, professional finish. A wide roller allows you to press everything from shirts and pants to bed linens and tablecloths, all with brilliant results.

Various speeds can be set electronically to best suit the type of laundry being pressed. This ironer also offers steam heat and can be conveniently operated through the use of a foot pedal, allowing you to sit while you iron. In addition, the ironer has maneuverable rollers for quick and effortless transportation and folds away neatly for easy storage. Perfect for homes, B&B's, small inns, restaurants and cafés.
